📖 Summery and Information

I am a 19 year old English goalkeeper. I grew up playing for Reading FC academy then transferred to Bristol City WSL academy. In my second season with Bristol I trained full time with the first team at 17 and made multiple appearances on the bench including the 20/21 Continental cup final vs Chelsea where we came runners up. When turning 18 I signed my first contract with Watford WFC where I won the championship 21/22 save of the season in my debut season at 18. Finishing the 22/23 season playing for Coventry United WFC in the Barclays Women's FA championship.

I am simply a hard worker and am determined to progress as far as I can within football. Constantly putting in the extra work and 110% into everything I do to ensure I work harder than everyone around me.
